

ORGANIC FROZEN & FRESH FRUIT

We produce organic berries, organic apples, pears, plums and honey, and many other food products.

All our production is certified according to the highest organic and demeter European standards.

MSH Group

Our farms are located in the heart of the European Union, in a country that is 60% covered by forests, a country with the richest water sources, organic soil, and a weather continental climate that is ideal for the production of healthy and organic food. MSH farms are located in Bosnia and Herzegovina. MSH Group farms are part of MSH Holding, which has been operating for over 40 years and represents the highest standard in the production, processing, and distribution of food throughout the world, European countries, USA, Middle East, Africa, and East Asia.
